FIGHTING RESUMED AROUND MUKDEN

Russian Hospitals Being Put In Readiness For Service.

MEN WARMLY CLAD AND SHOD

General Kuropatkin Has Begun Operations Against the Japanese—1,000 Russians Killed in First Battle, But Take Several Hundred Prisoners.

Mukden, Jan. 28.—10:41 a. m.—(Delayed in Transmission.)—A general engagement is progressing, only the left flank is not involved.

The hospitals here and at Harbin have been put in readiness to receive large numbers of wounded, of whom about a thousand have already arrived at Mukden. Several hundred Japanese were made prisoners.

The battle commenced on the right flank of General Kuropatkin's initiative. The Japanese were driven back 5 miles from their advanced position defended by the reserve brigades. The fighting extended Jan. 26 to the center. The Japanese endeavored to take Poutilloff Hill and other positions but were driven back with heavy loss.

The men going into battle are well prepared for the weather conditions, being warmly clad and shod, well fed and in good spirits. The Activity of General Mistchenko's fast-riding cavalry continues. A large Japanese transport train was captured on the extreme right of the west flank.

Tokio, Jan. 28.—The long inactivity on the Shakhe river was broken Jan. 25 when General Kuropatkin advanced a foil corps in the vicinity of Chengtu. Field Marshal Oyama immediately assumed the aggressive and engagements occurred at Chen Chih Pao and Heikoutai. Oyama reports that he defeated the Russians at Chien Chih Pai. The engagement at Heikou Tai was progressing when the field marshal reported. The official telegram does not disclose the object of the Russians and does not indicate the prospects of a general engagement. Oyama's report follows:

"The enemy on the right of the Hun river began activity Jan. 28. Over one corps advanced from the district south of Cheng Tsu toward Heikou Ta and Chen Chih Pao. Our army assumed the offensive Jan. 26. Our detachment repulsed a division of the enemy at Chen Chih Pao. The Russians retired to Liu Tia Ko. Another detachment has been engaging a division of Russians at Hei Kou Tai since Jan. 25th."

Telegraph Supplies Destroyed.

New York, Jan. 30.—Russians fearing an attack from the sea, have, says a Herald dispatch from Gensan, destroyed their telegraph supply stations on the east coast of Korea.

In the meantime the Russian main body retired in a northerly direction, leaving only a few scouting parties behind. These are now gradually falling back on a pass where they have large quantities of supplies already stored.

Russia Loses 1,000 Men.

St. Petersburg, Jan. 29.—A telegram from Chanslamutun says the Russians lost 41 officers and 1,000 men killed or wounded at the capture of the village of Sandepas on Jan. 26. The Russians took 102 Japanese prisoners, besides guns, wagons and ammunition.

More Trouble in Kentucky.

Lexington, Ky., Jan. 30.—Conflicting reports have reached here from Jackson regarding Judge Hargis, Sheriff [illegible] Callahan and H. W. Spicer who were recently indicted for conspiracy in the murder of Marshall Cockrell. The report was that the men had barricaded themselves in a house and would refuse to surrender, while [illegible] was at it they had already [illegible] a local justice of the peace. The officer who went there today to make the arrests was instructed not to use force, but in case of resistance troops may be [illegible] the officers.

BAD TRAGEDY IN ARIZONIA.

Man Kills Three and Then Shoots Self Through Brain.

Tucson, Ariz., Jan. 30.—One of the worst tragedies in the history of southern Arizonia, in which four men lost their lives, occurred in the border town of Nogales.

Will Walters, a gambler, entered the Palace saloon owned by M. M. Conn, walked to the poker table and, without a word of warning, drew a revolver and opened fire on the dealer, named "Cowboy" Johnson, firing two shots through his head.

Walters then turned on Conn, the proprietor, who was making his way toward the door, shooting him through the head and heart. The murderer then turned his weapon toward the Monte dealer, shooting him through the back of the head.

He fired a shot at George Bendle, a cattle man, that grazed the latter's face, and then turned the revolver on himself, sent a bullet through his own brain. All of the victims died before being able to make statements.

PRINCE FUSHIMA AT HONOLULU.

He Was Fittingly Received by the American Officers There.

Honolulu, Jan. 19, via San Francisco, Jan. 30.—When the Japanese Prince Fushima passed on his way to the United States, he was received with fitting ceremony by Governor Carter and Secretary Atkinson, and recently on his highness' return he left presents for the governor, secretary and others who had been charged with his entertainment.

The governor's present consisted of a massive silver punch bowl, which was much admired. It now transpired that in accepting a gift from a foreign prince, the governor violated article I, section 9, of the constitution of the United States, which expressly forbids the taking of such presents.

Just what the governor is going to do remains to be seen, but it is expected he will ask permission of congress to accept the gift.

GIVES $100,000 TO AID SCIENCE.

Carnegie Helps California Agriculturis In His Experiments.

New York, Jan. 30.—It has been announced that the sum of $100,000 allotted by the trustees of the Carnegie Institute to Luther Burbank, the California agriculturist, will be paid to him in annual payments of $10,000. This will enable Burbank to devote his entire attention for that period to experiments with new grasses and vegetables, and it is expected that he will relinquish temporarily his business interests.

Many important discoveries have been made by the Californian at his home in Santa Rosa during the past 25 years. He has worked along the line of seeking imperfect products in fruits, flowers, etc., in order to make them of full value. He claims there is "no weed which will not sooner or later respond liberally to good cultivation and persistent selections."

ITALIAN WORKMEN ATTACKED.

Americans In New York Furious Because Foreigners Got Jobs.

New York, Jan. 30.—A gang of 200 men who had waited in West Forty-first street from early in the morning until late at night to get work shoveling snow for the city and had seen gang after gang of Italians employed, finally lost patience and began a series of attacks on the Italians. They punched and kicked the Italians, took away their shovels, picks and scrapers and broke the tools.

The men were enraged because they claimed the Italians got the jobs, some by paying to padrones 25 cents each and others by paying 5 cents an hour for every hour they worked.

The shovelers receive 25 cents an hour and it was ascertained later that the padrone story was true.

Cut Rates to the Gulf.

Decatur, Ill., Jan. 30.—Announcement of cut rates to gulf ports has occasioned purchases of immense quantities of corn for immediate movement from farms for export. In the last 24 hours one Decatur buyer has closed contracts for a million bushels of corn now in farmers' hands.

YOUTH STABBED IN DEFENSE OF MOTHER

Young Man Seriously Wounded By Assailant.

SUSPECT ARRESTED BY POLICE

Man Who Went to Youth's Aid Was Also Stabbed—While Surgeons Were Dressing Wounds, Thief Gets Vest Containing $200.

New York, Jan. 30.—While attempting to protect his mother from the insults of a man who had accosted her on the street, 19-year-old Richard Lewis was stabbed and dangerously wounded in the Bowery today.

John McKeown, who went to Lewis' assistance, also was stabbed twice in the side, but his injuries are not serious. Both of the injured men and Mrs. Howard, Lewis' mother, have identified as the assailant, a man now under arrest, who declared himself to the police as Michael Tokmee, a laborer 25 years old.

While the surgeons were examining Lewis and McKeown in a hotel near the scene of the stabbing, a thief, who entered the room with the curious crowd which collected, stole McKeown's vest, which contained a roll of bills amounting to more than $200.

NEGRO IS TRIED QUICKLY.

Pleaded Guilty and Gets Ten Years in Penitentiary.

Augusta, Ga., Jan. 30.—Charlie Jefferson, the negro who assaulted Miss Zadie Bouyer, in this city, Nov. 29, and who had to be spirited out of the city to Savannah to keep him from being lynched, was spirited into the city today on the 1 o'clock train from Savannah, tried quietly and slipped out of the city on the 3:45 o'clock train for Atlanta.

In order to spare Miss Bouyer a court trial and because the negro was fought off when he attempted the assault, by special arrangement, Jefferson was allowed to plead guilty in the office of Judge Hammond this afternoon and was sentenced to ten years in the penitentiary on a charge of assault with intent to rob.

CAPTURE AMERICAN VESSEL.

Bound For Vladivostock Loaded with Provisions and Forage.

Tokio, Jan. 30.—The long inactivity ican steamer M. S. Dollar, enroute for Vladivostok, with a cargo of provisions and forage was seized yesterday by the Japanese in the Pacific ocean east of Hokkaido island.

A dispatch from London dated Jan. 25 stated that a steamer with a black funnel encircled with two red bands was ashore at Vladivostk and that it was supposed to be the M. S. Dollar, sailing from San Francisco on Dec. 21, but no details of the accident to the big steamer has been received.

It is deemed possible that she had been run ashore purposely to avoid capture by Japanese warships.

Failed to Wreck Fast Train.

Kansas City, Jan. 30.—An unsuccessful attempt to wreck the Missouri, Kansas and Texas fast mail train from Texas, running at the rate of 60 miles an hour, has been made in a deep cut 5 miles southwest of Moran, Kans. A tie had been fastened across the tracks and a derailing iron placed on the rails. The force with which the engine struck the tie snapped it in two and threw it with the derailing iron, to one side.

100,000 on Strike at Warsaw.

Warsaw, Jan. 30.—A hundred thousand people are now out on strike. Thus far there have been no disturbances of any importance.

The street cars are not running, and no newspapers were published this morning.

There is practically no bread left in the bakeries.

About 100,000 persons have struck at Lods. Telephone communication with that city has been interrupted by the strikers. Work is being resumed at some of the factories.

TO FIGHT DIVORCE LAWS.

North Carolina Churches Object to Their Enactment.

Raleigh, N. C., Jan. 30.—There will be a great fight in the legislature on the divorce law.

Every religious denomination has memorialized the legislature to repeal every law enacted since 1883, but it seems that the effort is to be made to have two causes for divorce other than the Biblical ones, and that both of these causes are to cover cases which prominent lawyers have in mind.

The committees of the house and senate have been considering for a week the divorce questions, and by a vote of 16 to 12 have agreed to recommend the two causes referred to, one being abandonment and the other cruelty by the husband to a wife in cases in which the parties, having married in this state, have gone to another state to reside, the wife being required by the law to return to North Carolina and after a lapse of 12 months to apply for the absolute divorce.

The various churches claim that these special divorce laws, which, of course, have to be made general, are the very things that have caused the present trouble in North Carolina.

ATTEMPT TO BURN THE CITY.

Candle Placed in Excelsior in Valdosta Store.

Valdosta, Ga., Jan. 30.—An attempt to start an incendiary fire in the heart of the business section section was discovered and frustrated at an early hour Friday night. The perpetrator placed a lighted candle in a lot of excelsior and other inflammable material in the ware room of the Thomas Furniture company, standing the candle up and packing the excelsior around it so that the flames would be communicated to the surrounding material when the candle burned down to it.

The upper floor of the ware room is used by several tenants of the block and is open to the public during the day. The attempt to fire the building was discovered by a salesman on the floor below. When found, the candle had burned to within half an inch of the excelsior.

The Thomas Furniture company and the other tenants of the block carry very little insurance and the loss would have been a severe one had the fire gotten under headway.

ENGINEER KILLED ON ENGINE.

Top of Man's Head Entirely Removed by Crane.

Charlotte, N. C., Jan. 30.—With the engineer's head knocked off, train No. 33, of the Southern railway, sped some distance before the fireman could reach the throttle and bring it to a standstill.

The accident occurred near Spencer, N. C., Friday morning, and the name of the engineer was Ollie Puryear. The entire top of his head was knocked off presumably by a mail crane.

The negro fireman heard the sound of a blow, and, turning, saw the body of Engineer Puryear leaning through the cab window the top of his head missing and his body bespattered with blood.

Stunned and almost paralyzed by the fearful tragedy, the fireman applied the air brakes and stopped the train.

Settle Question of Jurisdiction.

Lexington, Ky., Jan. 30.—A conference was held here today between J. Smith Hays, of Winchester, Judge James H. Hazelrigg, of Frankfort, and Lewis McQuown, of Bowling Green, representing the Hargis and Callahan and Spicer, and C. J. Bronston, John R. Allen, of Lexington, and O. F. Byrd, of Winchester, representing the commonwealth, to settle the question of jurisdiction at issue growing out of the conflict between Fayette and Breathitt courts. It is understood the Fayette court is determined to make a fight to bring the prisoners here for trial under his indictment notwithstanding they are under bond given to a Breathitt county magistrate to answer for the same charge.

STRIKE IS GROWING IN RUSSIAN CITIES

Over 200,000 Men Quit Work at Warsaw and Lodz.

ALL QUIET AT ST. PETERSBURG

American Consul Believes the Strike Movement Is Getting Larger Outside of Russian Capital—Newspapers Again Published at Moscow.

St. Petersburg, Jan. 28.—4:45 p. m.—St. Petersburg has entirely resumed its normal winter appearance. The ordinary routine is in effect, and the large forces of men are removing the heavy accumulations of snow piled up during the strike. St. Petersburgers are beginning to discuss topics other than strikes, riot and revolution.

All the daily papers except two appeared this morning in their accustomed forms. The others will resume publication tomorrow.

At the last meeting of the commissioners President Witte, according to The Russ, emphasized the necessity for the commission to discuss and formulate its views on the recent events at the capital. He considered that an inquiry into their causes and the initiation and measures to prevent their recurrence were imperitive. After a brief discussion, however, the committee rejected Witte's suggestion on the ground that such action was not within its jurisdiction.

Refugees at Berlin.

Berlin, Jan. 30.—Foreign residents of St. Petersburg are beginning to arrive in Berlin to await developments. Some Americans and Englishmen and many Germans who are obliged to remain there to attend business are sending their families here. The opinion of the arrivals is that the present half calm is only a period of reparation for greater resistance to the government and active smuggling of arms and dynamite is going on across the Austrian frontier. St. Petersburg society shares the belief that more serious events and even a revolution are impending. The wife of a leading American of St. Petersburg, who has arrived here, relates how a princess who was expressing the most positive views concerning Governor General Trepoff to a countess, was interrupted with the remark:

"You talk like an anarchist."

"Are you not one?" replied the princess.

"I think we all are," said the countess.

Spencer Eddy, secretary of the American embassy at St. Petersburg, was nearly ridden down by cavalry on Tuesday, having gotten in between half a squadron of Cossacks charging a crowd and the crowd itself. He ran three blocks, met the sleigh of an acquaintance, jumped on the footboard behind, and escaped.

Newspapers Reappear at Moscow.

Moscow, Jan. 30.—All of the newspapers reappeared today. The factory inspectors' report that 20,000 persons are still out on strike.

Work is being resumed at almost all the mills which have been closed, but on the other hand, some large mills, including Prohoroff's, where the men were paid yesterday, have struck.

The situation is not causing alarm, although there is some anxiety regarding a possible disturbance tomorrow.

American Says Strike Is Spreading.

Washington, Jan. 30.—Consul General Watts, at St. Petersburg cabled the state department today in regard to the situation in Russia, as follows:

"Strike spreading; just received a cablegram from Warsaw that all work shops are stopped. Vienna railway men are joining. Gas works and water works are being operated by soldiers."

Saratoff, Jan. 26.—All the printers have struck. The men on the railroad have joined in the movement. There has been no rioting thus far.

DR. STROUSE IS HIGHLY HONORED

His Work at Denver Has Been Remarkably Successful.

PRESENTED WITH LOVING CUP

In Behalf of Fourteen Ministers of the City, Accompanied by Eloquent Resolutions—Several Hundred Were Converted.

Editor Sun: Of all the great evangelists engaged in the union gospel campaign just closing, none has been more successful than Dr. Clarence B. Strouse of Virginia, in charge of the first district. The committee in charge report over seven hundred and fifty as confessing Christ. About five hundred have applied for membership in the churches.

Sunday Dr. Strouse preached in Dr. Chapman's district at the Central Presbyterian Church. It was packed and he captured the people. Dr. Strouse preached in his own district in the afternoon and evening and the spacious Asbury Church would not hold the people. At night the auditorium and galleries were crowded with men only. The lecture room downstairs was overflowing with women. Dr. Strouse spoke to both audiences and made a great appeal to the men—one of the greatest we ever heard—and over one hundred men came forward confessing Christ. Dr. Strouse preached the sermon at the last great union service at Trinity Church yesterday afternoon. Dr. Chapman presided. People were turned away before the hour of service.

Dr. Strouse was at his best and gave a great message; the audience often burst into applause as he scored the sins of social life. He has truly won the hearts of the people, as was evident at the closing service last night in Asbury Church.

This closing service was a most marvelous one. At the close of the evangelist's forceful sermon, we beheld a scene never before witnessed in the history of the city. When the invitation was cordially extended to all who would forsake sin forever and take Christ, men and women fairly flocked to the front. All the space at the front was filled and the aisles absolutely crowded half-way to the doors. Two of the pastors on the platform informed us that there were over two hundred and fifty. Tears of joy ran down the faces of the pastors. Dr. Harris expressed the sentiment of all when he said, "I have never beheld such a scene in my life." Nearly every one of this vast number testified to sins forgiven.

At the close the pastors interrupted Dr. Strouse and read the following resolution:

"Asbury M. E. Church,
"Denver, Colo., Jan. 23, 1905.

"Whereas, Rev. Clarence B. Strouse, Ph. D., of Virginia, has been in charge of this First District of the Union Evangelistic Movement of Denver from January 4th to the 23d, 1905, preaching to crowded houses and delighted audiences both afternoon and evenings; Therefore be it,

"Resolved, That the pastors and the workers, and Christian people in this service assembled, express to 'Our Evangelist' our deep and sincere appreciation of his untiring, energetic, plain, and forceful uncovering of sin, and its destructive effects on both material and spiritual life.

"That Dr. Strouse's clear presentation of Bible truth, and his earnest entreaty for a new and better life, has met with a numerous and hearty response. Therefore, we cheerfully voice this: That his methods and work calls for our hearty approval, a leader that counts each helper 'a brother.' In short, a real pastors' helper, as each pastor and his people have been brought closer together through the Christ-life shown and the work done by our Brother. Our united expressions of approval are best voiced in Brother Strouse's 'Come again,' and the assurance that our prayers unite around the 'One Common Mercy Seat' for God's richest blessing to attend you elsewhere, as it has here.

"We as Christians are stronger, and better by your clear and forceful presentation of Bible truth, and inspiring presence with us.

"Signed by the several pastors and in behalf of their people:

"C. J. Coulter, Pastor Northside Baptist Church.

"J. F. Harris, Pastor Asbury Methodist Episcopal Church.

"W. F. Fricke, Pastor 27th Ave. German M. E. Church.

"J. E. Pickett, Pastor Highland Christian Church.

"James H. Speer, North Presbyterian Church.

"S. H. Slutz, Pastor Argo Methodist Episcopal Church.

"S. Krupp, Berkeley M. E. Church.
"Committee."

After the reading of the resolution, Dr. Harris on behalf of the fourteen pastors presented Dr. Strouse with a very handsome silver loving cup, inscribed with their love and appreciation. The audience burst into applause. Dr. Strouse's acknowledgement was most touching. The close was a scene never to be forgotten.

All the districts report great meetings and it is estimated that more than five thousand have been converted.

A DISTINGUISHED PHYSICIAN'S

OPINION REGARDING OLD AGE.

"A distinguished physician has recently declared that 'Old age is not a time of life—a length of years—but a condition of the bodily tissues, and it is possible for a man at 50 to seem older than a man at 70.'

"This is a fact. We happen know a mother of 84 years, and a daughter of 60 years right here in Gainesville and honestly you would believe the daughter to be the older of the two. The mother is alert, lively and active, while the daughter is fast losing her mind and memory, and actually dying of old age.

"The secret of youth," says Druggist Johnson, "is to keep the bodily tissues from wasting, and the greatest discovery known to medicine for this purpose is our cod liver preparation, Vinol, as it contains in a highly concentrated form of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but without oil or grese. Vinol is an ideal strengthener and body builder for old folks, it repairs worn tissues, checks the natural decline, and replaces weakness with strength as nothing else can.

"Vinol tones up the stomach, creates a healthy appetite, makes rich, red blood, invigorates and strengthens every organ in the body to do its work as nature intended. Vinol is indeed a great blessing to old folks, and extracts from such letters as the following prove it.

"Mrs. Sarah J. Windron of Chicago, Ill., grand-niece of Alexander Hamilton, says: 'Vinol is a godsend to old people as it is such a wonderful vitalizer and strength creator.'

"Mr. A. J. Baker of Evansville, Ind., say: 'There is nothing like Vinol for the aged," and he would not take a thousand dollars for the good it has done him.

"I just wish every person in Gainesville who 'feels old' whether they are old in years or not, would try Vinol on our guarantee. We will give back your money if you are not satisfed—we mean this for a fair offer and it is up to you to prove our good faith." W. M. Johnson, Druggist.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniament, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

A Citra Sensation.

Information has reached this city to the effect that a sensation was furnished for Citra Saturday night.

A big burly negro entered the home of a widow lady near that place and concealed himself under the bed. Upon retiring the lady discovered the brute and made the alarm. Her daughter quickly responded and assisted the mother in capturing the negro, who endeavored to make his escape and fought vigorously. In the meantime the brother appeared and the three bound the man, took him to Citra and turned him over to the officers. The man was taken to Ocala for safe keeping.

ABUSE OF ATHLETICS.

Muscle Building Does Not Necessarily Improve the Health.

Athletics may be good or evil and in the same manner as a two edged sword.

The prime object in athletics is improvement of the general health. One writer has said that health, like happiness, does not exist. He said the body consists of a number of mechanisms which have the closest and most exact relations, and as they approximate to harmony there is health, but when disordered there is ill health.

To obtain good health muscle building is not a necessity. One cannot judge of the person's health by the size and hardness of the muscles. The converse may be true.

To obtain health one must not be in a perfectly trained condition owing to the effects of severe training on the nervous system.

There is no evidence to prove that athletics and muscle building improve the constitution.

One should always keep in mind the fact that built up or hypertrophied muscle has a tendency to degenerate. The heart, being a muscular organ, shares in this tendency.

In regard to the moral side of the question, it remains to be proved that athletics per se corrupt the morals. Dr. F. R. Sturgis is confident that athletics improve the morals of a community.

Although the evidence for and against athletics is contradictory, the whole subject may be summed up by stating that athletics are beneficial when properly and judiciously applied and very injurious when the precautions above mentioned are ignored or carelessly regarded.—Medical Record.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

A WOODEN INTRODUCTION.

How Gainsborough Got Acquainted With Thicknesse.

Gainsborough, the artist, was born at Sudbury, in England, and there, says Lord Ronald Gower, he designed his first work of art. The orchard of his father's place had been repeatedly plundered of fruit. No one knew who the thief might be until one day young Gainsborough saw there a rough looking man leaning his elbows on the brick wall. He made a sketch of the fellow, and from this portrait the thief was afterward identified.

Later the boy cut out a rough figure from wood and painted it in oils in the likeness of this man. The scarecrow was known as "Jack Peartree." It probably represents Gainsborough's first attempt at working in oils.

It was the means of introducing the artist to one of his most intimate friends, Thicknesse, the lieutenant governor of the Landguard fort, near Ipswich. Thicknesse was one day walking with a friend when he perceived what seemed to be a melancholy faced countryman, with his arms locked together, leaning over the garden wall.

He pointed out the doleful figure to his companion, who, it seems, was acquainted with it.

"He has been there all day," said the gentleman. "I pity him. He must be either mad or very miserable."

Thicknesse insisted on approaching the wretched man and to his delighted surprise found him to be Jack Peartree. So charmed was he with Jack that he lost no time in becoming acquainted with the author of Jack's being, with the result of a warm and lasting friendship.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for ovarian and female troubles. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's Vegetable Compound had saved other women from serious operations I decided to try it, and in less than four months I was entirely cured; and words fail to express my thankfulness."

Miss Margret Merkley of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Ovarian and womb troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhœa, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

OBSCURE PASSAGES.

Lines Whose Meaning Was Not Clear to Their Authors.

A writer in London Truth recalls that Browning, when asked the meaning of a passage in "Sordello," replied, "Well, I know the poem had a meaning to me when I wrote it, but what it was I cannot now say." The writer goes on to quote parallel answers of Coleridge and of Goethe, which comforted him long ago, when he first transcribed them. Coleridge wrote the greater part of book 2 of Southey's "Joan of Arc" and annotated the long passage beginning, "Maid beloved of heaven," thus: "These are very fine lines, though I say it that should not, but hang me if I know, or ever did know, the meaning of them, though my own composition." Lord Francis Egerton, when translating "Faust," wrote to ask Goethe's explanation of a passage which puzzled him and received the reply that the poet himself was at a loss for its meaning. "Surely," runs his answer to Lord Francis, "you at twenty-four should know better than I at seventy-four the meaning of a passage I wrote at your age."

Nearly all cases in the early stages. Many even when far advanced. Fresh air stands first. Good food next. Then a medicine to quiet the cough and control the inflammation—Ayer's Cherry Pectoral. Ask your doctor about this advice. J. C. Ayer Co., Lowell, Mass.

NEWS OF CITY AND COUNTY CONDENSED

Thomas P. Fowler, one of the leading business men of Lake Butler, was transacting business in the city yesterday.

After a brief visit to this city C. B. Hodges, foreman of the painting department of the Atlantic Coast Line at High Springs, has returned to his duties.

Some much needed repairs in the matter of filling excavations on East Orange street are being made, which will be appreciated by those who have occasion to use that thoroughfare.

Among the visitors to this city yesterday was F. D. Howard of High Springs, who called at The Sun office and renewed his subscription. Mr. Howard recently had the misfortune to lose all his furniture by fire, and friends here are sympathizing with him in this loss.

After a brief visit to his friends in this city, during which time he spent a day in the fields shooting quail, T. B. Stringfellow has returned to his home in Jacksonville. Mr. Stringfellow was for many years a resident of this city, where he was engaged in the wholesale and retail mercantile business, and has many friends here who are always glad to see him.

L. A. Duncan, Bradford county's cotton king and one of the most progressive merchants of Lake Butler, was in the city on business yesterday. Mr. Duncan is one of the most extensive cotton buyers in this section of the State and his large ginning plant at Lake Butler gives employment to a number of people during the cotton season. He reports the cotton growers of his section in a prosperous condition, with the result that trade with the merchants is good.

Rev. Carlisle P. B. Martin, L. L. D., Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

ROAD HAS BEEN LOCATED.

Commissioners Decided to Construct Same on the Newberry Road.

It appears that the reporter of The Sun has been misinformed in regard to the location of the proposed object lesson road which will be constructed by the United States government here at an early date. In a write-up of the matter in its issue of Saturday, the report was made that no definite route had been selected, but reference to the minutes of the Board of County Commissioners for December show that the route designated was the Newberry road. The official record in this matter says:

"Ordered, That $1,000 be appropriated for the use of the government experts in building one mile of hard road from Hog Town Creek west, out of such material and in such manner as the experts may deem best."

The road machinery, which has been en route from Beaver Dam, Va., is expected daily, when work will begin at once.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One nose relieves. Guaranteed at 50c and $1,00 by all druggists. Trial bottles free.

Funeral of Mrs. Waller.

The funeral of Mrs. Rosa Waller, who died at the home of her brother, Clinton Crown, was held at 10 o'clock Monday morning. There was a large crowd of friends of the deceased and the family present to show their last mark of esteem and respect, and the services, which were conducted by Rev. S. B. Rogers of the Baptist church in this city, were very impressive.

The interment was in Evergreen cemetery, where deceased was laid beside her beloved mother and father, the mother having passed away only a few days ago. The pall-bearers were G. S. Merchant, L. L. Hill, C. W. McDonald, D. W. L. Barton, Alex Daughtrey and O. P. Cannon.

Friends of the family express sympathy in this hour of bereavement.

Reward will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether or chloroform in any form in any of Dr. Miles' Remedies.

This reward is offered because certain unscrupulous persons make false statements about these remedies. It is understood that this reward applies only to goods purchased in the open market, which have not been tampered with in any way.

Dr. Miles' remedies cure by their soothing, nourishing, strengthening and invigorating effects upon the nervous system, and not by paralyzing and weakening the nerves as would be the case if these drugs were used.

For this reason Dr. Miles' Anti-Pain Pills are universally considered the best pain remedy

"I have suffered for 25 years with severe pains in my head, heart and back, and have tried everything I could get and could not find any relief until I got a box of Dr. Miles' Anti-Pain Pills. I suffered as long as 12 hours at a time with such severe pains that I feared I would lose my mind. The Anti-Pain Pills gave me relief in from 10 to 20 minutes. I do not have to use Morphine any more. I wish you would publish this so that other sufferers may find relief."

Large Cotton Gin Burned.

Tifton, Ga., Jan. 30.—News reached Tifton last night that J. S. Summer, a prominent Worth county farmer, residing 6 miles from Tifton, lost his large cotton gin by fire Friday afternoon. The fire is supposed to have started from a spark of a passing engine. Mr. Summer is one of the widest known farmers in this section. It is not known whether he carried any insurance on the plant.

Farmers Organize Union.

Dallas, Ga., Jan. 30.—A large number of farmers met in the court house here and organized what is known as the Farmers' Educational and Co-Operative union. It is not known whether their chief topic of discussion is, like many other counties, concerning cotton and its relation to the people, or whether it is a revival of the old coffee-house of Shakespeare's time. Only one thing can be found, that it is a secret organization.

The Weather Bureau announces that four-fifths of its weather predictions are correct.

The question at present is who controls the Czar, his mother or wife? It is quite evident he has lost all self-control.

The Connecticut farmers may produce wooden nutmegs, but they can't raise Sumatra tobacco for wrappers for cigars.

There is compensation for Frank S. Black in having failed to reach the Senate. If he had succeeded he would not have been called to defend Hannah Elias.

LaFollette, the new Senator from Wisconsin, says he is a man of the people. But he will be sure to help along any scheme to strike a blow at the railroads.

The newspapers are predicting peace in industrial circles from the diminished number of strikes. Let them wait until the weather is warmer and see if the strikes do not flourish once more.

Mr. Rockefeller says we live too fast and eat too much. With the idea of reforming the latter the multi-millionaire milk and cracker eater has established his fifty-cents-a-day hotel in New York.

Routh, the Chicago millionaire, has started the distribution to his relatives of his second million dollars. There is no danger that he will fancy the country menaced by race suicide by the time he has finished.

General Stoessel, the hero of Port Arthur, was reported to have a small army, but about six weeks ago it was said to number 17,000. The Japs and scurvy reduced it so he only surrendered 24,000 and another hero bubble is exploded.

The latest prediction from Washington is that railroad legislation, so far as the present Congress is concerned, is dead. But the President may call a special session next fall, for he certainly will have to take some action if he waits until the next regular session.

The cold storage of fruit has grown to large proportions, nearly 3,000,000 barrels of apples having been stored in the United States during the last winter as a result of investigations during the past year. It is found that the condition in which the fruit is grown and the manner of handling it determines to a large extent its keeping quality and ultimate value.

County Tax Collector W. D. Dickinson states that collections are very good, and that property owners from every section of the county are paying their taxes cheerfully and promptly. As a result he is keeping well occupied at his office issuing receipts. The fact of these prompt payments is one of the most convincing evidences of the prosperity of the people, who as a rule were never in better condition from a financial standpoint.

ORANGE CROP SAFE.

While the recent cold snap reached generally throughout the State and resulted in some damage, the West Coast peninsula suffered less than any other section, so far as reports received from that section indicate. These reports are not merely on paper, but are in evidence in the substance.

Division Superintendent H. A. Ford of the Atlantic Coast Line has received samples of oranges from the various sections south of Trilby, as far as St. Petersburg, and investigation demonstrated the fact that this fruit was not at all injured. The fruit was perfectly sound and juicy, possessing an excellent flavor.

H. E. Dickens, agent of the Atlantic Coast Line at St. Petersburg, telegraphed Superintendent Ford that a careful inspection of nine groves revealed the fact that the fruit in that section was uninjured.

Superintendent Ford stated that, from the best information obtainable, considerable fruit north of Trilby was damaged, but the trees are unhurt. The younger trees, however, may shed their leaves, but this will be the only result.

This will be gratifying information to those who felt sure the orange crop throughout that section was destroyed.

"Order reigns in Warsaw." "They make solitude and call it peace." "It is a mob," said Louis the Sixteenth, looking from the palace at Versailles. "No, sire, it is a revolution," said a courtier. Happy the nation that can make progress by evolution. Since Lincoln issued the Emancipation Proclamation which loosed the bonds of four million African slaves, the Czar of Russia has issued a proclamation giving freedom to many more millions of serfs, and in both countries it has been proven that a little freedom is a dangerous thing. But what are we to do and what are they to do? Humanity and civilization forever grope in darkness. The world is full of advertised remedies and panaceas for political as well as physical ills, but they are quack nostrums all. The worst despotism is preferable to anarchy. Nevertheless, we believe that despotisms like anarchies will be—must be put down, and that from their revolution, bloody or bloodless, better conditions will finally emerge.

One of the pleasantest episodes of the past week was the meeting of Mr. William Jennings Bryan and Mr. Theodore Roosevelt in the White House, as it is another indication of cordial intent and the subsidence of that bitter feeling which politics engenders. Such meetings of leaders of opposing political forces are rare in history and cannot elsewhere be seen in modern times, except perhaps in England, and even there it is not as conspicuous as in this country. The writer well remembers the astonishment of a group of foreigners when it was explained to them that Mr. Harrison, the defeated President, and Mr. Cleveland, the elected President, would ride in the same carriage down Pennsylvania avenue to the inauguration stand east of the capitol.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

Sold by druggists, 75c.

The feeding of 100,000,000 people will be the biggest problem in this country inside of twenty-five years. A standard living has been developed under American conditions which demands much to eat and a very great variety. The teeming millions of the old world are content to live on the plainest and cosrest of food.

PISO'S CURE FOR
CURES WHERE ALL ELSE FAILS.

Two weeks ago tariff reform was in the air, excluding every other national question. Now it is almost as completely folded away as free coinage of silver, and the regulation of railway rates is the imminent question; almost as intricate as the tariff itself. The indications are that the President has a powerful backing on this question and that some Western Senators owe election to their advanced position on this question alone. Moreover, the Bryan wing of the Democratic party, or is it not both wings, are in favor of the measure and at a recent caucus of the Democratic members of the House the measure had almost unanimous approval, and if it is defeated the onus will not be on the Democratic party.

Both Democrats and Republicans seem to be falling over each other in their haste to get there on the railway rate regulation measure. Mr. Bryan's presence in Washington and call at the White House may have done something to promote the great and harmonious stampede.

There is some cause for alarm in regard to President Roosevelt. In praising the works of Mistral, the French poet, he says his effusions teach the active business men of the West "that besides the nation's body there is also the soul." Lackadaisical Theodore.

"Jimsley thinks his wife is an angel."

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

In compliance with the announcement of Sunday, the Presbyterian, Methodist and Baptist churches joined in a grand union and welcome service to Rev. Clarence B. Strouse Sunday evening, upon the occasion of his return from Denver, where he has been assisting in one of the greatest and most successful revival services ever held in the West.

The sermon upon this occasion was delivered by Dr. Strouse, who used as his text Peter's Denial of the Saviour, "The Cock Crew." The big church was crowded to overflowing early in the evening, and those who secured seats were fortunate indeed.

Dr. Strouse, who is one of the most eloquent speakers in the South, held the attention of his congregation for nearly an hour, and his earnest manner had its effect. The argument was most impressive, and those who attended felt that the evening had been well spent.

Found a Cure for Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now.—GEO. W. EMORY, Rock Mills, Ala. For sale by all druggists.

COL. LLOYD PLEASED.

Has Made Seventeen Trips to Florida and is Loud in Its Praise.

Among Florida's best and most sincere friends is Colonel J. B. Lloyd of Indiana, who is here for the season with his estimable wife, being comfortably located at the home of Mrs. Foster, corner West Main and Church streets.

"I have been coming to Florida since 1876," remarked Colonel Lloyd to a group of friends as they stood in the open sunlight and tried to get warm a few frosty mornings ago, "and taking it for granted that it does get a little cool once in a while, I think Florida is the greatest State in the Union. Just think of the poor fellows up in my home this morning. It is true we are a little chilly here, but just think of the weather they are facing there now. A fellow hates to poke his head out of doors, while we are all around here enjoying this bracing atmosphere."

Col. Lloyd is now on his seventeenth visit to Gainesville. He has not missed a season for twenty-eight years when it was possible for him to come, and says he proposes to make Florida his winter home for the balance of his life. He has many friends in this section who are glad to hear him say this.

Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

Earthquake in Alabama.

Birmingham, Ala., Jan. 30.—A special from Gadsden, Ala., says that Gadsden and Attalla experienced a severe earthquake shock about 10 p. m. last night. Many citizens were awakened by the shock which rattled windows and doors and in some instances shook glassware from tables and broke it. Farmers from the country coming to town today report having felt the shock.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

DATE OF MEETING NAMED.

Meeting of Executive Committee of Cotton Association.

New Orleans, Jan. 30.——President Jordan presided over a meeting Friday of the executive committee of the Southern Cotton association. Most of the members of the committee remained over to attend.

John M. Parker former president of the New Orleans cotton exchange, who was elected treasurer of the association by the convention, was present.

The committee decided to hold the first annual meeting of the association at Asheville, N. C., on Aug. 15.

It was decided the producers of each precinct in cotton growing counties should meet on Feb. 11, that the county conventions should be held on Feb. 16 and that the various state and territorial conventions for the purposes of organization and naming of the representatives in the parent association should meet at the various state capitals on Feb. 21.

Trading Stamp Tax Illegal.

Atlanta, Jan. 30.—The city of Atlanta cannot impose a tax on its merchants for giving away trading stamps. In a decision handed down Friday morning the supreme court of Georgia reversed the decision of Judge J. H. Lumpkin, and holds that the ordinance passed by the city council imposing a tax on firms giving away trading stamps was illegal. The case is a very important one, and has been pending in the courts for some time. When the ordinance was first passed, many of the firms which were doing a trading stamp business stopped giving them away.

Hulls Smother Negro Boys.

Fort Gaines, Ga., Jan. 30.—Two negro boys employed at the plant of the Southern Cotton Oil company, at this point, went in the hull house and went to sleep some time during Wednesday of this week, and while they slept the hulls caved in on them, causing death to ensue. They were missed and a search was instituted, resulting in the finding of their bodies at a late hour last night. An inquest over the remains shows that they came to their death as a result of hulls smothering them.

Young Alabaman Missing.

Anniston, Ala., Jan. 30.—The question upon the lips of every one in the vicinity of Delta, Clay county, is: "Where is Ernest Cole?" Friday night he quietly left his father's home, 3½ miles from Delta, and all efforts to find his whereabouts have so far proved futile. He is about 18 years old. He has relatives living at Newnan, Ga., and some people think it probable he has gone in that direction. His father, Mr. William Cole, is one of Clay county's most substantial citizens. He is well-to-do and stands well in his county.

Mr. F. W. J. Fletcher, a druggist in Victoria, Australia, says: "A customer of mine was so pleased with Chamberlain's Cough Remedy, which she had used for her children when suffering from colds and croup, that during a fortnight's time she obtained at my shop, nine bottles, which she sent to her friends in different parts of the State, telling them how much good it had done and advised them to give it a trial." For sale by all druggists.

Inquiry Into North Sea Incident.

Paris, Jan. 30.—The International commission inquiring into the North sea incident, held a brief session today. Captain Foote and Mate Lyons, of the Trawler Kennel, both testified to seeing a strange warship during the morning, following the firing on the trawlers by vessels of the Russian second Pacific squadron. Bucket Shop Bill Reported.

Raleigh, N. C., January 30.—The house committee on judiciary of the general assembly, by a unanimous vote today, favorably reported a bill prohibiting "bucket shops" from operating in the state under fine or imprisonment, in the discretion of the court. HARD TO IMITATE.

Sounds Beyond the Ability of Our Vocal Organs.

"That man can imitate perfectly the jingle of money," said in a tone of eulogy a young woman.

"Well, what of that?" objected her companion. "That ought not to be hard to do."

"Try to do it."

The objector, after summoning into his mind the sound of jingling money, tried. "R-r-r-tat-tat," he went. "Br-br-bra-ra-ra, chk-chkk-chk." Then he smiled apologetically, for he had failed. Not by the furthest stretch of the imagination could it be said that he had uttered a sound that resembled money's jingle in the least degree.

"I knew you couldn't do it," said the young woman. "It is amazing how many simple sounds there are that we can't imitate, try as we will. There is, for instance, the sound of a person walking, the sound of a typewriting machine in operation, the sound of running water, the sound of a breaking dish. You can't imitate those commonplace noises, and I doubt if any one in the world can. Our vocal capacity seems to us large, but it is really limited enough—as limited as that of many animals and much more limited than that of certain birds. That is why I honor a man who has extended his vocal capacity sufficiently to imitate the pleasant, silvery sound of money's jingle."—Baltimore Herald.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and that disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

Yours truly,
